The Gracious Gobbler, a local business, was created to help families focus on the connection between kindness and gratitude. In a world where our lives can become very hectic, it allows parents and children to be more intentional every day in focusing on the kindness we can bring to others and feeling gratitude for the kindness others have shown to us.

The Gracious Gobbler is a Thanksgiving tradition that allows families to create a habit of kindness and gratitude over the holiday season. Â This November, spend a month as a family focusing on what matters most through kindness, reflection, and notes of appreciation.Â
